

EWPC Meeting Date: 29.09.2025

Highways Issues Reports

See Highways Issue log.

Highways Maintenance Schedule

The [HCC list of major works ongoing/commencing in September 2025](#) is published online. Once again no major works are listed for the Parish, or nearby highways.

Highway Works Announced in next 3 months

A summary of listed permissions from HCC is shown below. More precise dates for individual locations and traffic diversions may be found by opening the respective icons on the interactive map to be found by locating the appropriate area on [one.network](#)

1 – 2 Oct 2025

Traffic Control - drainage repairs to existing systems, ditches or ponds.

17 Nov 2025 – 23 Jan 2026 - precise dates to be confirmed by local notification signs
Woolton Hill Road, Ball Hill
Road closure with diversion - Southern Water utilities maintenance

Additional to the Highways Issues Log the following are reports of recent activity.

Highways Updates

1. **Woolton Hill Road - broken sign (@Blind Man's Gate junction)**
Regrettably notwithstanding confirmation of pending replacement by B&BDC, this sign has still not been replaced over a year since its initial damage and loss.
2. **Tile Barn Row – potholes on crown of road**
Patching works have been undertaken, sadly with adjacent smaller areas of damage left unattended as the prime time of year for further potholes to develop approaches.
3. **Traffic Calming Bollard – Woolton Hill Road**
Broken bollard on traffic calming curb incursion has now been replaced.
4. **Roadworks Warning Signs etc**
Following further communications both with HCC Highways and Cllr Thacker, a variety of redundant traffic warning signs have at last been collected from around the parish.
Councillors are again asked to inform GD of any further redundant signs/bollards etc awaiting removal (preferably with a pic) so that combined reports can be submitted to HCC Highways requesting collection.

Councillors to inform GD of any uncollected signage.

Speed Indicator Device (SID)

Due to road maintenance activities affecting safe parking of the service vehicle, the recent placement of the SID at its scheduled location was not possible. It was therefore advanced to the next location and the rota adjusted accordingly. Occasional disruption occurs to data recording resulting in not every location being routinely reported.

Recent available SID Key Data:

24 July - 5 August 2025

Location: Woolton Hill Road, Woolton Hill – approaching jcts Trade Street/ Tile Barn Row from Ball Hill

Av Work Day Vehicle Numbers:	489	Peak Volumes/hour:	44 (09.00 – 10.00) 46 (16.00 - 17.00)
